

The Supportive Role of R & D Institutions

August 23, 2006

San Salvador

Jack L. Segal, MD, FACP, FCP

Professor of Medicine

University of California, Los Angeles, California

The Supportive Role of R & D Institutions

- The importance of grants for R & D.
- Why this topic is important ... or is it ?
- Experiences as a grant awardee.
 - Accessing the Funds ... barriers to consider
- Should government be involved ?
- What should be the role of the government in terms of innovation ?

The Supportive Role of R & D Institutions

- What is the role of the private sector ?
- Who can help ?
- Making a living as a researcher ... the environment

University Support

Specialized libraries

Specialized human resources

Other ?

The Supportive Role of R & D Institutions

- How does your research help the Pharmaceutical Industry ?
- Drugs and molecules that I have worked with and why
- The process of selecting a research topic
- Support Instruments

The Supportive Role of R & D Institutions

- Technotrends
 - Nutraceuticals ?
 - Bio Medical ?
 - Genetic Engineering ?
 - Stem Cell Research ?
 - Other ... ?

The Supportive Role of R & D Institutions

- How important is ‘Big Pharma’ in detonating growth in a developing country ?
- Can local pharmaceutical manufacturers survive ‘Big Pharma’ and ‘globalization’.
- Trends or interesting areas of innovation in the pharmaceutical sector.

The Supportive Role of R & D Institutions

- Other considerations and/or suggestions
 - Specialized training
 - How to survive China ?
 - Security and Intellectual Property issues ?
